To:	Tamás Csánki Service Manager / szervizvezető ROHDE & SCHWARZ Hungária	From:	Alic GOBJILA, Head of procurement working group National Service for the Radio
Company:	Szolgáltató Kft.	Company:	Frequencies Management
Fax:	+36 1 412 – 4472	Pages:	3
E-mail:	tamas.csanki@rohde-schwarz.com	Date:	09.08.2019
Subject:	Invitation for participation in procurement procedure	Ref. No.	07/1-631

Dear Mr. CSÁNKI,

In order to complete the procedure for the procurement by direct negotiation without prior publication of a participation notice, the National Service for the Radio Frequencies Management would like to invite Rohde&Schwarz company for participation on the mentioned above procurement procedure. Therefore, we would be grateful if you could send in our address the offer for the mentioned in Annex services.

Information about procurement procedure:

1. The offer should be presented in the envelope, sealed with the company stamp, and no later than 16.00, August 15, 2019 at National Service for the Radio Frequencies Management, 22/20 Nicolae Dimo str., MD-2003, Durlesti city, mun. Chisinau, Republic of Moldova and addressed to Mr. Alic GOBJILA – head of procurement working group;
2. The contracting organisation: National Service for the Radio Frequencies Management;
3. Subject of the contract: procurement of Repair and Calibration services for radiomonitoring and measuring equipment;
4. Working language: English;
5. The offer will be opened at 16.00, August 15, 2019 without presence of the bidder but the bidder's presence will be welcome. Taking into account that exist only one bidder the offer could be opened on the same day or on the next day after receiving of the offer.
6. Procedure for negotiation and concluding of contracts could be started on during one week after opening of the offer.

Best regards,

Alic GOBJILA
Head of procurement working group

List of required services according to procurement procedure

Type	Designation	Order No.	Qty	Required service	Defect description
Lot 1. Equipment repair services, measuring devices (import)					
ESMB	Monitoring receiver n/s.100023	4056.6000.02	1	Repair (including recalibration)	Description of the detected defect: Pre-selection module failure (incorrect operation of attenuator and built-in generator providing reference frequency) When analyzing the frequency deviation of the 10 MHz internal generator, was observed a deviation of maximum -10 Hz.
ESMB	Monitoring receiver n/s.100280	4056.6000.02	1	Repair (including recalibration)	Description of the detected defect: Pre-selection module failure (incorrect operation of attenuator and built-in generator providing reference frequency) When analyzing the frequency deviation of the 10 MHz internal generator, was observed a deviation of maximum -10 Hz.
RD127	Rotator Control Unit n/s.100012	3021.9012.05	1	Repair (including recalibration)	Description of detected defect: Appearance of attenuation in the high frequency relay switching channel. - Relay fault R565413204 0-20 GHz "V / UHF switch unit" - defective connector - X70 (ELV / POL), -X80 (AZIMUT), -X100 (CONTROL);
TSMW	Universal Radio Network Analyzer n/s. 101057	1503.3001.03	1	Repair (including recalibration)	Description of the detected defect: the OS boot process is faulty (defected boot manager program), the defect occurred after the residual capacity of the internal 3V battery on the mainboard get low.

PR100	Portable receiver n/s. 100421	4071.9006.02	1	Repair (including recalibration)	Description of the detected defect: Filter module malfunction (parasitic spikes ~ 5dB μ V in a wide bandwidth of 30-7500 MHz). The reception signal disappears and appears uncontrolled in different time intervals
-------	----------------------------------	--------------	---	----------------------------------	---

Lot 2. Calibration services

TSMW	Universal Radio Network Analyzer n/s. 102613	1503.3001.03	1	Calibration	Regular recalibration with issuing of calibration certificate and affixing the calibration label to the equipment or system
ESMB	Monitoring receiver n/s. 100339	4056.6000.02	1	Calibration	Regular recalibration with issuing of calibration certificate and affixing the calibration label to the equipment or system
ESMB	Monitoring receiver n/s. 100054	4056.6000.02	1	Calibration	Regular recalibration with issuing of calibration certificate and affixing the calibration label to the equipment or system
ESMB	Monitoring receiver n/s. 100748	4056.6000.02	1	Calibration	Regular recalibration with issuing of calibration certificate and affixing the calibration label to the equipment or system
